Topic: West Virginia Kids Connect Project

---

Clay County Schools is pleased to announce that the Kids Connect Wi-Fi network project has been completed and is ready for immediate usage.

This resource is available for students to obtain lessons and deliver assignments for those who lack internet access at home.

In this initial phase, users will be presented a splash page that users will have to accept to be granted access to the WVDE protected / filtered connection to the internet.

To access the Kids Connect Network:

1. On your device, select the WVKidsConnect SSID.
2. If a browser does not auto open, open a browser.
3. Read and accept the Terms of Use.
4. Click the "Continue to Internet" button.

Clay County Schools offers internet connection points at the following locations:

- Central Office parking lot.
- Big Otter Elementary parking lot. (Staff and gravel parking lot)
- Clay High School parking lot. (Auditorium end)
- Clay Middle School parking lot. (Gymnasium side)
- HE White Elementary School. (Parking lot near greenhouse)
- Lizemore Elementary School. (Gymnasium parking lot)
