Log in to http://wvlearns.k12.wv.us using your stu.k12.wv.us email address and password.

Links to your courses will be listed under My Courses when your courses have been populated. We are working with WVLearns to get your courses populated. We understand that you might not have any courses yet. We appreciate your patience. In the meantime, consider following the directions below to learn more about the WVLearns platform that we are using for Virtual School.

On the right side of the page, scroll down the Need Help box until you see "Have you done the system check to verify your computer meets the technical requirements.

Click on System Check and follow the instructions that appear in the window.

After the System Check, click on the HOUSE icon to return to your home page.

In the Need Help box, you also noticed who to contact if you need help. That information is intended for teachers taking classes. If you need help, you are to email matriple@k12.wv.us and Mary Ann Triplett will respond.

Read Attention Students in Grades K-12.

Scroll down the page until Navigating WV Learns Recording and click View the Adobe Connect Navigation Recording. Although this forty-minute recording is intended for teachers who are taking elearning courses, it provides helpful general navigation tips. Please note that there will be some differences, such as the tabs to the right of Course Home. The specific information given about grades (Complete, Incomplete, etc.) do not apply to your courses; however, you can learn valuable information about navigating the course.

Both you and your teachers are learning how to work in Virtual School, please be patient with them as they customize the courses for you.

We have also procured funding and ordered devices for each child in Clay County Schools. Although our order has been received, we do not know when they will be delivered and ready for distribution. Please keep checking http://claycountyschools.org for the latest information about Virtual School under the Virtual School Letter and Enrollment Packet button.

If you have questions and concerns, please contact Mary Ann Triplett at matriple@k12.wv.us
